Call for OSHP Annual Seminar Posters

OSHP invites all members to submit a poster for presentation during the 2015 Annual Seminar at Sunriver. This is a great opportunity to display your initiatives and share ideas. We all want to see the great work you are doing, so why not take the opportunity to develop a poster!

The poster session will be held on Saturday, April 18th . Poster presentation details (set-up, display time and location) will be forwarded to presenters at a later date.

Projects do not have to be complete; they can be still in the implementation phase or just starting. If you do not have any data yet, do not let that keep you away. Describe the project goals and aims… results can come later.

OSHP poster session utilizes guidelines similar to those of ASHP and ACCP. **For participation in the poster session, abstracts should be submitted to the OSHP Annual seminar planning committee (Amy Higginson) by Feb 15.** Poster abstracts will be reviewed and presenters notified by March 1, eight weeks prior to the seminar. If we receive more abstracts than available spaces, we will review and select abstracts based on applicability to OSHP member practices. The abstract guidelines and format are attached below.

Posters are presented in two categories: students and practitioners/residents. Prizes for first and second place will be awarded in each category.

For more information or to submit an abstract, contact Amy Higginson ahigginson@lhs.org.

Poster Abstract Guidelines

Deadline: February 15th, 2015

No more than 250 words (excluding title, authors and institutions), double-spaced in the following format:

Title
Authors
